### Climate Falled— Medicine Cured.

It has been abundantly shown that rest, fresh air, and good food, do help many persons suffering from tuberculosis. But, to be really honest, it must be admitted that the disease is selden more than "arrested." Something more transfer.

Eckman's Alterative is a medicine mad-Eckman's Alterative is a medicine madfor the cure of Tuberculosis. It has cured this disease again and again. Oftethese cures have been effected where the
surroundings were not ideal, where no
intelligent care was taken of the patien
where money was scarce; good food an
good cooking unusual—yet cures resuled. Now we argue and urge that Eclman's Alterative should be used in evercase of Tuberculosis, in addition to goonourishing food, and fresh air, which wail need.

The facts—the evidence of cured the have been made—are interesting reading. So Tired? Regarding Proposed Reciprocity Agree.

Editor, Barre Daily Times: Inclosed please find a letter written by one of our most progressive farmers, which states fairly the position of the Vermont farmer on reciprocity with Canada, which I wish you would print in your paper.

They try to lay the high cost of living all to the farmer. Now this is not the case. The consumer is the most to blame and will be just so long as he demands his supplies put up in the small packages now required, maple syrup in pint and quart jars, butter in one half pound prints, or less, potatoes four quarts, and little scraps of meat, etc., with an order man to take the order and a delivery team to deliver same. In No Combino or Trust The consumers get good wages and can afford to eater to their tastes, but they have to pay for it.

East Montpelier, Feb. 21, 1911. P. S .- There are just two parties that will be benefited by the passage of this bill, as I look at it, the speculators and the railroads. If this bill passes, onethird of the laboring class will be without work inside of a year, and President Taft will lose als job, too.
